

ABOUT US

CMS LPS URAKAM

CMS LPS URAKAM is a lower primary school situated in KERALA, THRISSUR District. Our school has established in 1901 by Christian missionary. Dr. Rev. Bower has done a commendable service for the beginning of CMS LPS URAKAM. Before the formation of school, education were took place in small sheds, small houses and so on. The Christian missionaries who established educational institutions throughout the length and breath of Kerala opened their gate for everybody without looking caste or creed. Thus the backward category people have also got chances for self education.

LEEMOL.C.VARGHESE is the school Head Mistress. Totally we have 274 students in our school. We are upto 11 staffs and two non teaching staffs. We

are providing lunch to all in connection with the state's mid day meal programme. Also we are doing farming in a limited place.

CUBS AND BULBULS

We have a self efficient team of cubs and bulbuls in our school. Cubs and bulbul activities help to foster in our students important values like honesty, friendship, dignity, patience, discipline, kindness etc. It prepares the students to take up bigger tasks which also helps in their mental and physical growth. The Investiture Ceremony is one of the most momentous occasions for Cubs and Bulbuls. The programme started with a prayer song and flag song followed by greeting the audience. Then the badges and the scarves were blessed and given to the recruits. Our Cubs and Bulbuls still working as a part of Green School Programme.

LEARN FROM NATURE

Outdoor education is organized learning that place in the outdoors. We provided outdoor learning for the students twice in a week.

They sit together under the shade of trees and enjoying the biodiversity of nature. Our eco team observing different plants and its features based on the curriculum. It also helps learning more interesting and make them more curious.

LOVE PLASTIC

Love plastic is one of the eco friendly projects that we have been undertaking in 2018 onwards. Our students and staffs brought used but well cleaned plastic covers on every Friday. Cubs, GSP members and teachers together sort this plastics based on its thickness.

An authorized agency come to school and collect these sorted plastics for recycling purposes. We got second prize for LOVE PLASTIC project in district level competition.

KINDER GARTEN

We, our school happily running an enthusiastic kinder garten to foster and facilitate the intellectual and social development of the learners. Here we use a variety of activities and instructional methods(songs,stories,media,structural games,art,outdoor activities etc) to motivate and stimulate learners abilities. We are maintaining an open line of communication with parents and provide appropriate information .

NATURE WALK

A walk in nature brings us a serenity by allowing our overstimulated modern minds a chance to rest. It helps to relax ,lowers stress and anxiety levels. Spending time in the nature make us so cool. We are doing nature walk programme in connection with GSP. Our students got much more idea about eco green magic from the nature.

EXTRA CURRICULAR ACTIVITIES

Teachers day greetings
